

EtherCAT – The Ethernet Fieldbus.

What is EtherCAT?

- EtherCAT (Ethernet for Control Automation Technology) is the fastest Industrial Ethernet solution that provides industry leading performance, flexibility and cost advantages.

Who should attend?

- This full-day seminar specifically addresses end users as well as system integrators to learn about EtherCAT and other Industrial Ethernet technologies

Why attend?

- Learn about the benefits and the challenges of Industrial Ethernet
- EtherCAT technology days are educational events from the experts
- Explore and understand EtherCAT technology
- Talk with EtherCAT experts face-to-face, and discover the table-top exhibition: See how EtherCAT can help you!
- Participation is free of charge and you are cordially invited

About ETG

- EtherCAT Technology Group (ETG) – the world's largest Industrial Ethernet & Fieldbus organization with over 3000 member companies from 58 countries supporting EtherCAT technology!

EtherCAT Technology & Applications

+ Table Top Exhibition and Live Demonstrations

Dates and Locations

January 27, 2015
Conference Center The Strip
High Tech Campus 1 (The Strip)
5656 AE Eindhoven

January 28, 2015
Voortman Experience Center
Ozonstraat 6
7463 PK Rijssen

Inscription: 9:00
End of seminar: 17:00

Speakers: Fieldbus- and Ethernet-Experts from the EtherCAT Technology Group and EtherCAT users. Presentations will be held in English or Dutch language. The order and titles of presentations may vary.

During (in parallel) the sessions we do the SpeedDate with Specialist. It is possible to enter the subject or preferred contact at the registration form.

Furthermore there will be demonstrations from Tech United with the Care Robot AMIGO and a Surgery Robot from MicroSure. You can also visit the table-top exhibition and live demos from the sponsors. At location Voortman Experience Center – Rijssen also the Metal working machines from Voortman are demonstrated.
