

Join us for a one-day seminar

What is EtherCAT?

- EtherCAT (Ethernet for Control Automation Technology) is the fastest Industrial Ethernet solution that provides industry leading performance, flexibility and cost advantages

Who should attend?

- This full-day seminar specifically addresses end users as well as system integrators to learn about EtherCAT and other Industrial Ethernet technologies

Why attend?

- Learn about the benefits and the challenges of Industrial Ethernet
- EtherCAT seminars are educational events from the experts
- Explore and understand EtherCAT technology
- Talk with EtherCAT experts face-to-face, and discover the table-top exhibition: See how EtherCAT can help you!
- Participation is free of charge and you are cordially invited

About ETG

- EtherCAT Technology Group (ETG) – the world's largest Industrial Ethernet & Fieldbus organization with over 3500 member companies from 60 countries supporting EtherCAT technology!

EtherCAT Technology & Applications + Table Top Exhibition with Live Demonstration

Inscription: 8:30 am
End of Seminar: 3:00 pm

Speakers: Fieldbus- and Ethernet-Experts from the
EtherCAT Technology Group and supporting companies.
Note: The order and titles of presentations may vary.

- **From Ethernet to EtherCAT: why change a winning team?**
EtherCAT Technology Group
- **Unique Features: EtherCAT Technology Overview**
EtherCAT Technology Group
- **Successful Installation and Trouble Shooting**
EtherCAT Technology Group
- **Migration from Fieldbus to EtherCAT: Best Practise**
EtherCAT Technology Group
- **Case Studies: How turn EtherCAT Advantages
into Commercial Success**
EtherCAT Technology Group
- **EtherCAT Application Presentations / EtherCAT Success Stories**
Supporting ETG Member Companies

Supported by

BECKHOFF

www.beckhoff.com.sg

Beckhoff Automation is focused on providing advanced control solutions based upon proven COTS technologies to allow users to design high performance automation systems at a lower overall cost in systems and engineering – by simplifying the overall architectures and engineering processes.

www.fab-9.com

Fab-9 is a leading supplier of high reliability HDI printed circuit boards, Design & Engineering for complex systems turnkey or design subsystem and components including PCBs, PCBA's.
