**EtherCAT Technology Group Membership Assembly 2007**

30 October 2007

Dear ETG Members,

we invite you to participate in the ETG Membership Assembly on Tuesday, **November 27<sup>th</sup>, 2007**. The Membership Assembly will take place at the **CCN Mitte**, Room Mailand, at the **Nuremberg Exhibition Center** in Germany, in conjunction with the SPS/IPC/Drives Show. The Membership Assembly will start at **6:15 p.m.** in order not to interfere with the trade show. We expect to be finished by 8:00 p.m.

The CCN (Congress Center Nuremberg Mitte) is located next to the "Mitte" (middle) Entrance of the SPS/IPC/Drives Show (where the subway station is located), with the ETG joint Booth in Hall 6/309.

This year we will have two specials: Siegfried Schülein, R&D Manager Control Technology with Baumüller Nürnberg will report on their Safety over EtherCAT implementation, and Dr. Jens Onno Krahn, former technical director with Danaher Motion and now Professor at the Cologne University of Applied Sciences, will introduce new EtherCAT enabled approaches in motion control.

**Agenda:**

1. Report from the Board of Directors
  - ETG Membership Development
  - ETG Events, Trade Show Participations and Activities 2007
  - ETG Offices Japan, China, North America and (new:) ETG Office + Regional Committee Korea
  - Update International Standardization
  - Plan of Events and Activities 2008
2. Discharge of the Board of Directors
3. EtherCAT Technology News Update
  - Conformance Testing News
  - Implementation Guideline CiA402 Drive Profile
  - Modular Device Profile
4. Special: Functional Safety  
**Safety over EtherCAT-Implementation at Baumüller — a Field Report**  
Siegfried Schülein, R&D Manager Control Technology, Baumüller Nürnberg GmbH, Germany
5. Special: Motion Control
