EtherCAT – The Ethernet Fieldbus

EtherCAT Information Days
North America 2022

What is EtherCAT?
- EtherCAT (Ethernet for Control Automation Technology) is the fastest Industrial Ethernet solution that provides industry leading performance, flexibility and cost advantages

Who should attend?
- These full-day seminar specifically addresses students, end users, system integrators, OEMs, product manager, decision makers and device manufacturers to learn about EtherCAT and Industrial Ethernet, but also the latest trends like Industry 4.0, IoT, OPC UA, TSN, and EtherCAT G

Why attend?
- Learn about the benefits and the challenges of Industrial Ethernet
- Explore and understand EtherCAT technology
- Talk with EtherCAT experts face-to-face, and see how EtherCAT can accelerate your application
- Discover the future of EtherCAT through gigabit performance and the integration of several communication technologies
- Discover how EtherCAT could generate a performance and competitive advantage

About ETG
- EtherCAT Technology Group (ETG) - the world’s largest Industrial Ethernet and Fieldbus organization with over 6,800 member companies from 69 countries supporting EtherCAT technology

Register online today – it’s free!
