Invitation

EtherCAT Seminar Series Australia 2023

February 7	Melbourne
February 8	Adelaide
February 9	Sydney
February 10	Brisbane

Organized by:

Sponsored by:

Supported by*:

*Melbourne only

What is EtherCAT?

- EtherCAT (Ethernet for Control Automation Technology) is the fastest Industrial Ethernet solution that provides industry leading performance, flexibility and cost advantages

Who should attend?

- These free-of-charge seminars are addressed to automation professionals, device manufacturers, system integrators, product managers, as well as decision makers and students to learn about EtherCAT and Industrial Ethernet, but also hot topics like cybersecurity and gigabit performance for EtherCAT

Why attend?

- Learn about the benefits and challenges of Industrial Ethernet
- Explore and understand EtherCAT technology
- Talk with an EtherCAT expert face-to-face, and see how EtherCAT can accelerate your application or project
- Have a deeper look at the technology and how to start an implementation
- EtherCAT seminars are educational events from the EtherCAT Technology Group (ETG)

About ETG

- EtherCAT Technology Group (ETG) - the world's largest Industrial Ethernet Fieldbus organization with over 6,900 member companies from 72 countries supporting the EtherCAT technology

Speaker | Locations
