

 EtherCAT

EtherCAT – The Ethernet Fieldbus

What is EtherCAT?

- EtherCAT (Ethernet for Control Automation Technology) is the fastest Industrial Ethernet solution that provides industry leading performance, flexibility and cost advantages

Who should attend?

- These full day seminars specifically address end users, system integrators, OEMs, product manager, decision makers and device manufacturers to learn about EtherCAT and Industrial Ethernet, but also the latest trends like digital transformation.

Why attend?

- Learn about the benefits and the challenges of Industrial Ethernet
- EtherCAT information days are educational events from the experts
- Explore and understand EtherCAT technology
- Talk with EtherCAT experts face-to-face, and see how EtherCAT can accelerate your application
- See the EtherCAT roadmap for the future through gigabit performance and the integration of emerging communication technologies
- Discover how EtherCAT could generate a performance and competitive advantage
- Participation is free of charge and you are cordially invited

About ETG

- EtherCAT Technology Group (ETG) – the world's largest Industrial Ethernet Fieldbus organization with over 5,600 member companies from 66 countries supporting EtherCAT technology

Global contact

EtherCAT Technology Group
ETG Headquarters
Ostendstraße 196
90482 Nürnberg, Germany

Inscription: 8:30 | End of seminar: 16:15

Speakers: Fieldbus- and Ethernet-Experts from the EtherCAT Technology Group (ETG), supporting ETG members and EtherCAT users. Presentations will be held in English or Dutch language. The order and titles of presentations may vary.

- **EtherCAT adoption rate: Members, products, vendors /** EtherCAT Technology Group
- **EtherCAT technology highlights and benefits: From Ethernet to EtherCAT /** EtherCAT Technology Group
- **Installation and diagnosis: How to build and maintain an EtherCAT network /** EtherCAT Technology Group
- **EtherCAT Simulation - How does EtherCAT get into the digital twin? /** acontis technologies
- **EtherCAT application case /** Beckhoff Automation
- **Your own EtherCAT slave: When & How /** elecgator
- **How to build modular machine automation based on Plug&Play EtherCAT stack /** IntervalZero
- **Native cross platform connectivity /** Festo
- **Hardt Hyperloop: Application of EtherCAT technology in Europe's first hyperloop /** Hardt
- **EtherCAT in the Semiconductor Industry /** EtherCAT Technology Group
- **The future today: how EtherCAT enables the digital transformation /** EtherCAT Technology Group
- **What's next? EtherCAT G + G10 /** EtherCAT Technology Group
- **How to use EtherCAT for winning business /** EtherCAT Technology Group

Speed Date:

In parallel to the sessions we do the Speed Date with specialists. It is possible to enter preferred subject or contact at the online registration form.
